

# YEAR REPORT 2016 AT A GLANCE

## ABOUT US

With the help of holidaymakers, TUI Care Foundation is harnessing the positive impacts of tourism to make a difference for people and places in destinations around the world.

The independent, corporate foundation values transparency and the efficient use of funds. Therefore, 100% of the donations made by holidaymakers goes to project partners. TUI covers all operating costs for the foundation.

## BIG CHANGES, MORE IMPACT

The foundation was founded in the Netherlands in 2011. In order to increase its positive impact in holiday destinations, TUI Care Foundation repositioned itself in 2015 as the corporate foundation of TUI Group, the world's leading tourism business with over 20 million customers.

The year 2016 has been used to fund the first projects as the renewed foundation, and to adapt to the increase in scale impacting on the governance, the strategy and policies, project and financial management, and communication. In 2017 we will build even more on the potential of tourism as a force for good.
